

Mempor W

The Mempor W filter cartridge is a water grade pleated filter element based on a naturally hydrophilic, asymmetric Polyethersulfone membrane.

The Mempor W filter cartridge provides economical membrane filtration for less critical applications. The high surface area, 7.6ft² (0.7m²) EFA, ensures high flow rates with low pressure drops and long service life.

The Mempor W membranes are naturally hydrophilic, and with the thermal bonding assembly process, results in very low levels of extractables. Another feature of the Mempor W membrane is low protein binding, meaning that most of the proteins present in the feed remain in the filtrate.

Mempor W filter cartridges are available in a wide range of length and end cap configurations to retrofit most industry standard applications.

Features and Benefits

- Individually lot numbered with unique serial numbers for traceability.
- Can be steam sterilized and repeatedly hot water sanitized.
- Excellent chemical compatibility and resistant to hydrolysis.
- Low protein binding; does not strip out proteins or remove colors.
- Naturally hydrophilic, no wetting agents needed and very low levels of extractables.
- Meets current USP Class VI plastics test and CFR Title 21 for food contact.

Dimensions

5" to 40"

Outside Diameter: 2.7"(69mm)
Inside Diameter: 1.0" (2.54cm)

Sanitization

Steam or Autoclave: 250°F (121°C) under no end load

Operating Conditions

Recommended Maximum ΔP :

Lengths:

Forward Flow 75psid @ 70°F (5.2 bar @ 21°C)

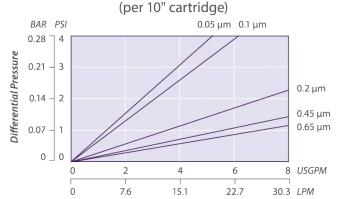

30psid @ 176°F (2.0 bar @ 80°C)

Reverse Flow 40psid @ 70°F (2.8 bar @ 21°C)

Recommended change-out pressure 35psid (2.4 bar)

Water Flow Rate 10" Element, Water @ 68°F (20°C)

Typical Flow Rate Clean Water at Ambient Temperature

For liquids other than water, multiply pressure drop by the fluid viscosity in centipoise

Ordering Guide

Name	Micron Rating	Nominal Length	End Cap Type	Seal Type
Mempor W	0.05μm	5"	03	E - EDPM
	0.1μm	9.75"	04 - DOE	N - Buna N
	0.2μm	10"	07	S - Silicone
	0.45μm	20"	08	V - Viton
	0.65μm	30"	AM - Amazon End Cap Style	
		40"
